June Wellness Initiative - Smoothie Mania

Throughout the month of June, you can participate in **Smoothie Mania!** You will be provided the ingredients for the smoothie along with a link to a video recorded by a registered dietitian who will talk to you about making the smoothie and the importance of incorporating smoothies into your regular routine. [You will need a blender and the ability to watch the video.](#)

Please let Katy (katy@habitatls.org) know if you are interested in participating in this wellness initiative. If you want to participate but may not have access to a blender or the video, reach out to Laurie at laurie@habitatls.org.

To promote this wellness initiative, you might be asked to post a picture or video of you and your smoothie to Habitat's social media page(s), but that's not required. The most important part of this initiative is healthy eating.

Paid Volunteer Hours

Just a quick reminder: All employees received 8 paid hours of volunteer time a year. These hours can be used to volunteer at an organization of your choice. You can utilize these hours on your own, or get a group together! Check out the photos below, where a recent group of Habitat Staff Members used a portion of their hours to help package over 3,000 meals with Rise Against Hunger, an organization that seeks to end hunger around the world.
